as your memory seems compromised. I think you should consider the option that it is YOUR behavior that drives everyone away.. they are ready to love , others are ready to be friends. , others busines assoc. try as they might, , and though you talk a good game . they are treated to selfish , cheap, intrusive actions. The result has to be , what is has been, and then poisons the water for futre candidtiate as the reputation becomes widespread.. you drive away these girls.. they start out open to a love realtion,, and then , .. you torture, and mistreat each. and then i guess take comfort in the fact that you were right not to think it possible
