Mr .Epstein in the SC -Level the main Sprinkler riser pipe that runs across the ceiling by the SCU control panels is leaking and is getting worse , a 4" steel pipe by 6ft or maybe a 12ft long long section needs to be replaced due to age and corrosion where the pipe connects . This needs to be repaired by a licensed fire system plumbing contractor. I had our plumbing contractor look at the repair the cost is \$1650.00 for this work please approve so i can get this done as soon as possible. Richard
