Good Afternoon Mr Jeffrey Epstien, I would like to start by hoping that all has been well with you and those important in your life. Im writing to you today, because i really need your help. I know it always seems like i need something from you but I promise i always make good out of it. I started college and I only took one class and it was 945 dollars. Im not eligible for financial aid and I really at my last hope to see if you could help me out. The college name is [NYIT Newyork Institute Of Technology]its on 61st on Broadway. I want to take up Mechanical Engineering- The school offers a five year course that gives me a Bachelors in Mechanical Engineering and a Masters in Energy Management. I promise you that only good would come out of this if you help me- I do have a job that you helped me get from richie but by the time I pay my rent and bills I cant manage to pay for school only one credit is 895 dollars it would take me 20 plus years just to graduate. Im asking from the bottom of my heart if theres anything you could do for me. I appreciate it. As always Love Phillip Diaz
