Jeff,

As I stated last night, we removed all content (that we put up) from the three websites. If you click on any of the links you get a blank page or error message. The cache will eventually disappear too. However, as I stated yesterday, these sites had prominence on the first page of a google search. Obviously, there is something in the content that is disturbing you...

So, what about only posting your photo, nothing more. This allows the place to be kept...otherwise, it gets filled in with you know what... Just a thought...
