Karen is presiding over a RICO gang trial in which alleged leader is the defendant. By some strange quirk of fate, the main witness, who was set to tesify Monday that he was present for many of the crimes, was found shot to death Monday morning. His body was found dumped into the Forum III parking lot about 7 am. Needless to say, Karen has 24 hour a day PBSO/FDLE security now. This is supposedly the 2nd witness murdered. Other than that, all is well.

How's things with you? I am still working on some info on RRA for you. Will let you know if I find something.
