..i attached here more pictures of mechanical buildings..
those pipes doesnt look bad white, ..they just put primer on pipes and doors
in case you want to do something else on the second mechanical building i was thinking
...pipes and doors that white is on the wall on the first mechanical building and the
rest that light gray you can see it on the first mechanical building on the right top
corner right next to the blue roof. its just an idea..
..or just finish with the arches? anyway i will keep going with the arches until i get an
answer from you.
thank you
