Jeffrey

the cabinet is taller than our ceiling in the warehouse,so we can't assemble it there.

we have unraped enough to understand it I think

a 16 'ceiling in a 16x32 building seems out of scale to me.the kitchen is close to that size and its ceiling starts at 11' , bottom of the truss is 13'

if you want to pursue that ceiling I think we should get some architectural advice.
