I'm in NY, I'm glad you told her that, she might go home early, hopefully she comes back for shows. This is why I didn't want to manage her, nice girl but complete pain in the ass! I'm in NY. [REDACTED] is in town this week. Any interest in her clothing line? Impressive for a first collection, but I think it's her music she needs to be working on now, she needs to do something with that or modeling/acting before she can start thinking of branding. Any interest in seeing her again while she's in town? She is hungry and would probably do whatever you asked of her. At the moment she is trying to find a manager for her music and some kind of sponsorship. What do you think?
