How are you doing?

Thank G-d all is good here. Last scan was improvement--continuing with chemo.

Working on a book and trying to get back to doing business.

[REDACTED] is in 8 weeks. Want to learn 10 minutes a week before we all get our Judgement for next year? Unless you have been learning Torah on the side with someone cuter than me :) it would be a good idea for you to go into [REDACTED] with something to advocate for you on your behalf.

10 minutes on the phone/week--let me know.

All the best,

[REDACTED]
