Subject: Libya Rebels Get Formal Backing, and \$30 Billion - Today's New York Times article
[mime part 1.pdf](#)

Jeff...

If you had moved when I suggested a month ago, today we would be taking partial credit for this success and helping them move much of this \$30 Billion into safer places under the TNC's control, not to mention making tens of millions of dollars in fees.... Now would you like to meet with the leadership of the TNC?

Sincerely,
