... sorry for the call, i was so sad and tired to fight..
i wanted to hear your voice.

if you could talk to me this way, i have nothing against even the opposite- to
prove you that i can..
but here, the company small, everybody killing each other for 100 euro, boss is
screaming all the time on everybody and etc...surviving atmosphere every day for
3000.
i showed my best, i worked good, they are very happy.... but... me - no

... i can live in it if:
- i have bigger salary
- i learn something
- i know it will bring me somewhere after..
nothing from this is a case + big business people here says i should not put
Blanc Bleu experience in my Resume because the company is down and have a very
bad reputation. i didnt know about it.

What i do ?
if there somebody you know who can take me 1.09 for work (paris or somewhere
else)
i am asking all my friends now about it.

or can i work for you as assistant?

i am very tired to work everywhere for 1 year and give me best for 0 result and 0
future.
please help me...

kisses

Best regards,
