Oh I'm sorry Jeffrey, Charlotte was very tired last night and probably a little overwhelmed and under prepared for the questions and wow of it all.. she was very sweet and very thankful with JoJo and probably felt in her own way she'd said thank you for the car. Charly is staying downtown with her friends really but I'm very grateful for the apartment, there was rather a high octane energy at tea with lots touched upon but I was going to suggest to you yesterday afternoon when we met that there were a couple of things in the apartment that could do with being changed and I'd be happy to help organize any of it as a way to say thank you if it was useful.

As for the Core club, I was just caught up in the excitement of the idea and didn't come from that more reflective place in the moment, I didn't want to say I appreciate it as that would have sounded like it was going to happen and I don't like being presumptuous, but you know me if it were to happen I would have expressed how much I appreciate it, and in my own smaller - less grandiose way found a way to say thank you. Time seems to run away when I'm with you but please know you are adored! x

I am willing to help. However I must tell you that I was somewhat surprised that given the fact , that - I had sent my personal car to pick her up at the airport .- organized an apt. . spent the time to consider future alternatives , that charlotte, neither sent a thank you note, said thanks,or brought a cookie of a thank you. No matter what career she chooses. , and I would very much like her to succeed, and be fulfilled and independent. -- AS I told you years ago. concentrating on what you get as opposed to what you give ,, is the English recipe for failure. Yes , I can organize the Core Club for you, for services, for facials. for most things, but not once did you say,," I would appreciate that". not once. not even thanks for tea.
