Hello Sue and Lesley,

Please visit the following link [www.moresque.com/drawings.pdf](http://www.moresque.com/drawings.pdf) to download and view an example standard structural plan that we work with in our project. There are other set of drawing we use to fabricate our ornamentals called shops drawings. These are detailed drawings about our plans. let me know if you have any questions.

My very best regards  
Thanks  
Adil
