h [REDACTED]
thank you for the cars!!

.....
i dont know what to say about staying on lsj... i was thinking and i dont think i would like to stay there.. i dont know how to drive boat, so after work i will be stuck on the island, and depending by brice.. its not going to be comfortable... if i need something or just go out to have dinner, brice has to drive me to st thomas and wait... i dont think he will be happy to do that.. if it would be only 2-3 days its fine but i have to stay 2-3 weeks..i have to do three projects.. and for two of them i have to work outside.

when i started working at the begening on lsj i stayed at that house in bolongo and i ddint have car, i was stuck to the house.. it was very uncomfortable.. i had to ask imad to drive me... so probably now it will be the same..

anyway, please tell jeffrey that i would like to stay on st thomas...i dont care where i stay, i dont need a fancy hotel, but i just want to be free after work.

thank you,
ion

Hi Ion

Citicar will collect you on Monday morning at 7am. Reference number is 6963 and their telephone number in case you need it is [REDACTED].

Leon Casey will be at the airport to collect you in St Thomas.

Jeffrey suggested you stay on LSJ. There is a room downstairs from [REDACTED] and [REDACTED] house which they will prepare for you.

Glad you got to speak to JE regarding the nursery floor painting.

Have a good trip and email/call if you need anything.

:)
