hi again,
so now regarding to the concrete buildings.. you gave me an image (attachment "a")..so i did a few things in computer using that image.
please check attachments and let me know what do you think about them..
at one building the wall is pretty flat but the other building has a lot of pipes...and it is smaller..its not that high...
....or another idea..we could camouflange them..using like three tipes of greens and maybe plant some trees in front of them.. i dont know..i was just thinking.
thank you,
ion
