Thank you,, to be clear,, What I said was that the major , by far, issue was triggered soley and exclusivtely as a result of your unliateral decision, to give and interview. I did not say it would calm down, I did say that the pivot point, and the only real trouble that I have had in all the time this has been going on is as a result of the interview you decided to give, without consulting me without the necessary protections in place. and further that after the deluge, there was no follow up correction immediatley to mitigate the massive damge that it had caused and continues to cause,, I hope we can work together to rectify a situation that I know causes you pain. After the intl headlimes. . I also think an email to me , from you would have been appropriate. at a minimum.
