Hello

I have all needed documents for Embassy.

May 13 ill have a result: if it is positive - i can be in NY May 19.

Usually they give visa for 3 or 6 month.

Im crossing my fingers.

Is it comfortable if ill come May 19 ?

I have small job now, im doing simple translations for Translating agency and im volunteer at children's oncology department.

It makes me feel better.

Life is miracle.

Thank You.
