Subject: Re: GII update

Jeffrey, you are correct, price was 93.5k, however that was based on our gear having value, and they would put in Gulfstream's loaner pool after repair,,now Gulfstream knows it is scrap gear,,,,I will bring gear back from Midcoast for us,..

We are on the ground in Provo now, all went well, ground speed of 166kts, 3+00 total flight time
St. Thomas-Borinquen Puerto Rico +50min
Borinquen - Provo 2+10

Larry,

Here is the best we can do \$106,400.00 that is brand new gear.

I am being honest to tell you I am having man power issues with aircraft scheduled in right now.

I will try to get a guy over on your aircraft tomorrow, and more towards the end of the week. I am also waiting on two pins that are on back order.

We will try to have you done by Sunday, but I need to see how the week progresses with the parts.

I hope you understand.

Best Regards

Jet Aviation St. Louis, Inc.
