Subject: DPI

Jeffrey,
last message I recieved from Brice:
"Jeffrey is requesting that non operating projector at LSJ is swapped out for the new 3d projector.
Also he is requesting that the factory tech comes to the island to install
please advise"

Nick is trying to upgrade to 3D projector at this time, Your email this morning mentions only repair of current projector,,Do you prefer just repair of current projector only?
The person Nick needs approval for DPI upgrade to 3D is at a convention or conference this week, Nick hopes to get answer Friday whether exchange is approved by DPI. obtaining parts to repair 2D projector is not a problem, Nick was focusing on 3D upgrade from Brice's last email,.
thx,
Larry

This is what I received from Nick today:
I received this Text message tonight,

Larry,
If u ask me I think they might exchange for a demo unit but we will need to wait and see
Nick,

From Nick;
This is what I just received a couple of minutes ago to keep everybody
up to speed from my National Sales guy at DPI

"I hope to receive a response from George tonight or tomorrow. He is
in Arizona for an industry conference this week. I emailed him the
details earlier today. My guess is that he has been in meetings all
day and will not be in front of his computer until he reaches the
hotel this evening. I will contact you as soon as I get word back."

I will keep you informed as I receive any news.
