Jeffrey,

Got your message earlier today. I'm so glad your friend got a spot in the Anesthesia Residency Program. It's a superb program. Pls give her my cell [REDACTED] and let her know to reach out if I can be of assistance while she's at Sinai. Not sure if she relocated from out of state, happy to suggest doctors etc. You're always responsive when I reach out, happy to be able to return the favor.
