Hi [REDACTED],

My visit to Seattle last week was great. I talked to Philip and Lowell in the morning for a while about IV, SpaceX, and the Hertz fellowship (to name a few) . It was great to meet both of them and get some advice. I then spent the afternoon talking about a variety of things with Boris -- he is great! I am sorry I didn't get to see you; Boris told me you were away. I am sure I will be back at some point.

I have two more weeks at LIGO which is sad :(I have had an amazing summer working there and have learned a lot. Hopefully I will be back next summer! I am looking forward to being back in New York though.

Thanks for getting me in touch with such great people. I am so glad we met at the cancer benefit. Please let me know next time you are in NYC.

Best,
