Subject: Barbro Ehnborn

Barbro Ehnborn called and is under the impression you are in NY and is asking if she can come see you this afternoon or early evening...she wants to bring you up to date with the BBB's...Barbro leaves for Sweden on Saturday and will be meeting with the Dean of the school and was hoping you might be able to provide her with a check. She appreciates so much all you have done for her and the BBBs and all your support. Barbro also thinks you should go to Sweden when you are in Europe next.
