I would like to move on and forward. I need no reminding how valuable your friendship was at a time when I was in need. I made sure that when I went to jail , others including you would specifically have no legal issues. that was in fact a major part of my deal. During that period of time, I tried my best to guide you in the direction i thought would be most useful to your future, you refused each time. you didn't want school, you wanted to follow your hobbies.. photogrpahy,, horse back riding , flyuing. you went to cooking school, (said you didn't like it,). we have tons of emiails that say that I don't think your path is best. you left me years ago. in the time since you have recevied hundfreds of thousands of dollars. followed your own way, learned to fly, I supported your results , letting you fly my plane and me. you then decided you only wanted to fly if you were my girlfriend. AGain leaving me . I continued to support your efforts in flying. g4 school etc. . I have told you my best advice, there are emails after emails for months and years, that say the same thing . RE the reputatino on the internet,, or any idea that you have that i can be helpful,, i am there, as i have always been. I have no solution to my own problem, but i have accepted that fact. you are capable of big things, there is a well established path, just like learing to fly,,
