Templeton invitation [REDACTED]

If you will be in NM, you might consider attending this?

Hi [REDACTED],

Thanks for your message, I'm glad that you were able to attend no matter how brief.

I will be sending out a link to presentations from the workshop later this week.

On a different note, if you are interested there is a workshop "The Principles of Complexity: Life, Scale, and Civilization" being held at SFI Aug 6th -8th. The 6th is a community panel event at the James Little Theater and Aug 7th and 8th will be the workshop at SFI.

I know this is a little late but I've attached an invitation and we would be delighted if you could attend.

The workshop is already almost full so I would urge you to register as soon as possible if you think that you would like to participate.
