Dear Peggy,

We have been trying in all ways to get you invited to the screening and/or the party, and we keep getting road blocks thrown up by the people doing the screening and the people doing the party (SPC and its minions). I don't know what went wrong between all of you guys in the past, but there seems to be some reluctance to accommodate you. We'll continue to try but all this flack is something that's never happened to us before on anybody and we're bewildered and can't guarantee that we can be helpful. So far we've pushed and pushed and they push back. I think if you could iron out whatever differences you have with whoever up there is reluctant it would be, as with all the other people we request, a simple matter.
