Not sure what I can do.

Please see emails from Melanie next week. I planned to be in NYC for her surgery.

She now does not want to give me ANY details re surgery.

Anyway – I will be there for her if she needs anything but I feel there is nothing I can do.

I am just afraid that everything is unstable.

Any suggestion?

B

I planned to be in NYC as soon as I heard that you might be having a procedure there.

Whatever works for you.

I will be there for you between 20-26th,

If you do not want to meet before your recovery – no problem.

I will be there just in case that you change your mind.

Please don't worry – Steve will be there with me.

I am sorry to be private about things right now. Trying to find some peace.

I was planning to visit you in NYC in the hospital.

I was planning to be there slightly before, during and after your surgery,

So you will be with him in California and going from there to NYC?

I will be arriving to NYC on Wednesday 20 late night.

Where are you staying?

Sorry that is Monday the 18th June in California.

I think there is also a dinner 14th June but I think that is private and not likely to be covered by media.

I learned today that BG is now very interested in the carbon markets and indeed is planning to make

BMGF carbon neutral.

Hope you are doing ok -
