**Subject:** Dubin Center

██ was just diagnosed with Stage 1 Breast Cancer. She had the cancer and 2 lymph nodes removed about 2 weeks ago at Cornell. She is now interviewing Oncologists and has heard that George Raptis is the best doctor to see. She has tried to get an apt with no luck. Would it be ok for ██████████ to call Eva's office to see if they could assist with getting an apt asap.

Thank you

Rich
