my march 8,, - i m not suggesting you move from ny(as each time isay that as since i have said that many many times and you have ignored it. it only causes you to shut down, and the cycle restarts.) When i began my house arreest in july of 09, the house reeked of dog pee, the garden was untouched and the house was a pig sty. three years ago . you were 23 . the time when most girls begin their adult life, after school. i gave the exact same advice. aJob builds into a career. , I have helped , longer, harder, and beacuse it was you ,even in the face of a hurricane force headwind on the nose. as you continued to go your own way. no matter how i suggested coerced, railed, argued, tried to convince , .." move out an get a job," is said to all young adults. some as you rightly point out see it as a punishment , that somehow they to have to learn to contribute as opposed to merely. consume, . however that would rehash the same tedious and going nowhere discussion. I have no point to prove. I was certain that this is where things would end up, I told you they would , but again, you decided against all of my experiecince . caring and advice to take this road.. I think you should get a job , most likely outside of new york, you have chosen to be a [REDACTED] not me. . I would take any job i could if i were you learn the business of [REDACTED] ,, as you now have the skill to operate a [REDACTED] , you need to learn the skill of opserating a buisness. (getting along with [REDACTED] like people,,your customers , will be the first lesson)I will help as much as i can , get a job

Consistent - this is your email from March 8: "*re ny im not suggesting you move from ny , , I heard you loud and clear but would not be unhappy if you decide to leave 66th st.*"
Best - ...you are suggesting a 'job' instead of a career or help with a business that could actually offer some financial independence?
Advice - "move out and get a job" sounds more like a punishment. For what, I really don't know...

Yes there is no doubt you have provided financial support and I greatly appreciate it. I thought you forwarded it to me implying an interest in what it was used for...my mistake.

I recognize that you are sensitte to my best advice , but as i said it is consistant and formanyyears has been the same, .i think you should move out of new york and get a job.
