Subject: Follow up White truck & Clutch

Jeffery;

White dump truck was operational as of today.

Sandino/ Clutch

1. The ranger needed a new clutch.
2. mechanics ordered a used clutch from Sandino (Aaran)
3. Clutch is now missing. I tend to think it got thrown out during massive engineering cleanup as it was used. There was a whole crew throwing things out. Maybe it was pilfered but is a big piece to get off island and it has limited applications . (only other Rangers)
3. Now LSJ need another clutch and needs to pay Sandino for clutch that was purchased
4. [REDACTED] had asked to hold payment until she got whole story, Aaran was involved and he is off sailing. I will have to discuss with him when he gets back
