these are sophisticated instruments,, go slow.. learn its benefit and risks. . make some mistakes. (small , know your ask each time your MAX loss exposure). they will rape you on the way out. (no set commsions ,) historical prices are meaningless. DO NOT look for bargains. . when they say, x is trading at historical lows.. think of women.. IF I told you she was once really beautiful,, and for the past years she has become uglier and uglier, would you feel a great desire to rush in , with the hope that she will return to beauty,, or would you find a young pretty thing (tech co). with a long bright upside and future.

I remain , your new jew friend ,, jeffrey

Dear Shaher,

I am looking for a Reverse Convertible Note on Apple for you, in the mean time would you be interested in this Autocall on European Banks Index with an annual Coupon of 19.40%?

(See attached file: 20120515_BankMed_ITS_3Y_SX7E_Phoenix_autocall_USD.pdf)
