Hi Jeff,

It was a pleasure to sit in the hot seat and talk about placebos. An impressive group of people. Is there a good time to have a conversation on developing a partnership to advance scientific knowledge of placebo?

Jeffrey, I think it may be a good idea to set up a time to meet on April 12 in Cambridge. As a location, I can offer my home office near Harvard Sq, my office at the medical school, or any tea shop in the area. Or do you have another preference? Suggest a time.....as i'm flexible that day.

I tried calling you on November 28. No answer.

Our work is getting enormous media attention. (Attached is an article in this week's New Yorker. I wished it had focused more on our science and less on me. We expect coverage by "60 Minutes" in January.)

This is a critical time to develop our scientific and institutional roots at Harvard. We're looking for partners to help move our research along. Would there be another time you could talk by telephone?
