Jeffrey,  
Larry Morrison needs to have a Ops I 24 month inspection completed on the Gulfstream II, needs to be in the shop by November 1st, 2012.  
down time 20 working days, price \$99,289.00 from Gufstream in Palm Beach, we will have a quote from Meridian in Teterboro since this is a lighter inspection. Meridian can start when GII returns to New York from St Thomas on Sept 5th if you like and have completed by Sept 26th when we return from Africa trip with the Boeing, or is November a better time with your schedule?

The 72 Month inspection that was accomplished Feb 1st of this year addressed flight controls and exterior airframe areas. The 24 month coming due is Wing internal inspection, wing attach points, below floor in cockpit, below floor galley and tail compartment internal,.

I will have Meridian's quote later today and should be more competitive than Gulfstreams's,.  
Do you approve of 24 month inspection to start Sept 5th?

thank you,  
Larry
