Left red hook at 07:00

Arrive at Sbdd at 08:06
Tie up and discuss work.
Attempt to remove cylinders prior to haul out.
Bolt and corrosion problems delayed removal of retaining blocks.
Cylinders to be removed after haul and chock

Put boat in drydock at 13:35
Boat blocked at 14:36
Pump out starts at 14:50.
High and dry at 15:10

Take photos

Can you please document daily a brief description of what you are doing on big N including the hours spent on each task.
I have a feeling someone is going to want this soon. So before you get stuck trying to remember lets start keeping a record from day one.

If you want you can call me and I'll document it or after work you can draft a email and I'll create a document (daily work Log).
