Jeffrey and Brice,.

Brice indicated the Ranch band width for internet may be the limiting factor with apple TV down loads and Smart/bluRay player,. Simple music down loads appear to buffer using the ranch internet.

If you like, I can purchase a smart BluRay player tomorrow and incorporate to home theatre room and see if NetFlix will stream a movie?

(I guess we could accomplish the same test from a computer, and try to stream a movie or simple video).

pls advise if you'd like me to purchase a smart BluRay player tomorrow morning?

Thx,

Larry
