you are at putting yourself at risk of losing what good will and feelings i still have towards you. your revisionist history is both tedious and filled with grossly distorted facts , while at the same time leaving out the very significant role in the events of the past. You seem to forget that you walked out. you seem to forget the harsh reality of the circumstances in which you were when we met . ( the seven years . that you refer to when you have been given more opportunity than most people could dream of ) though you seem to continually suggest that you ve been held back, time and time again you have asked for help , given nothing in return and then come back for more. you seem to forget how many nights i chose to go into jail early than continue to listen to you. you forget that I have given you hundreds of thousands of dollars with no interference. , AFTER you decided to leave. You continue to ignore the facts of Your stubborn decision not to go to school , but to learn horseback riding instead, you learned to drive, you learned to fly, you ignore the fact that when i met you you had a toothbrush and were eating popcorn.. you couldn't even afford a sex toy on your own, you have earned no money whatsoever, but excuse it by putting the reasons on me, YOUve gone to shrinks , counselors all to no avail. asked to commit to writing what you were going to do so that you would not be able to ignore it you chose to do nothing. you were not questioned by the authorities , and again conveniently forget that as i was in love with you , a significant impetus for my accepting the deal offered was that everything you had done that might have put you in jeopardy would be covered and you would be out of harms way. Instead of asking for help , you whine and demand to be paid what you believe you are owed. totally ignoring once again the fact that YOU QUIT. in spite of that i continued to help. tried to be a friend , was let down time and time again, YOU quit, and in spite of that i have always been there for you.. years of emails reflect my trying to be a friend , in spite of you changing your mind re flying, in spite of you leaving me hanging at the last minute. help in the face of receiving nothing but recriminations and demands. I strongly suggest that you re write your last email. , . i promise to read it.
