Good day mister Epstein!

I heard that you are a cordial friend of the Forss family and you were looking for a personal assistant, which sounds interesting to me. My name is Julia. I currently live in the countryside outside Stockholm, where I'm taking psychology courses via distance at the university. My main qualities are that I am always very happy, I have passions of humor that feels like an integral part of my life, but of course I can be deadly serious in a context that requires this.

Unfortunately I have not had time to work that much in my life. I am turning 28 this summer. I was working full time as a fashion model before, but did not like it since I'm not a fan of the fashion industry. Before I started my modeling career, I worked as a preschool teacher, kids are adorable. Otherwise, I have traveled a lot in my life – Asia, Africa, my favorite place in Europe is Tuscany and city: Monaco. In the U.S., I like to travel to California (Santa Barbara, San Diego, Palo Alto), and Orlando in Florida because of Disney World and the other fun teams park over there.

Human beings have always fascinated me, hence my psychology studies – as well as existential philosophy, Science of a Meaningful Life, knowledge sociology and phenomenological pedagogy is associated aspects that I like to apply on the world.

Let me know if you want to know more about me =)

Have a nice day dear!

Sweet wishes from Julia
