Hi Jeffrey,

national results:

1 negative/huffington -- 4th place (has moved down from 3rd)
5 of your websites on 1st page.

local results:

2 negatives --4th, 5th, place (moved down from 3rd). The 3rd negative no longer there.
But not sure yet if that is permanent.
3 of your websites on 1st page

I will send you a summary today of everything I have done thus far for local results.
And what I am in the midst of working on.
