Subject: proposal

1. 80 percent of contracted job is accomplished, now drafting ,signing and few critical decisions on your part still await , will fill in nec blanks, 1, how much of upside to kids. , 2, protections . 3 allocations. 4. charitiable, inventory, securities,

2 .to engage the second phase if you so choose , and considering there is only 8 more to be paid this year in oct , for the job now almost completed, total of 23. that was agreed only for history fix.
3. with the necessary proprietary protections , proposal is for first year only an additional 17 . making it 40 , but full year balance on signing , ie 25. takes care of 2013
4 , moving forward , 40 per year ,(approx 1 percent) for three years, to be credited against an agreed formula. Im open to suggestions total approx 120 for new workover 3 years , benefits to you over the next 20.
5 , can consider interests other than cash as payment. ?
6. need to speak re rembrandt, skeletons, deduction cap proposed, bankers, valuations, mechanics and their continued importance.
