[REDACTED] has asked [REDACTED] to oversee some workmen in her apartment. She is there now but is trying to reach [REDACTED] to let her know that she is being collected at 12 pm to come to the house. [REDACTED] is not responding to her. [REDACTED] does not want to be late for you. The workmen won't be too long, maybe 30 minutes- 1 hour. What is your priority for J?
