Jeffrey,
Flight time 4+27min with +45kt tail wind for tonight.
Long Beach airport has noise curfew for stage II starting at 11PM,. we should be OK for departure at 10:30PM tonight, departure db levels are reduced to 90db between the hours of 10PM - 11PM for departures,.
102.5 db level up until 10pm / after 10pm - 11pm 90db / after 11pm 79db level, (stage III)
our noise profile states at max gross weight full fuel our db level is 92db. I don't expect to violate the noise limit, since we are not caring full fuel, for first time noise violation you are issued a warning only via mail.
just in case you where thinking of departure after 11pm tonight.
thx
Larry
