Jeffrey,

My wish for you on this journey of life is that you have found inner peace, happiness and health.

I've determined it's time to write a new chapter in this life of mine and depart NYC in a couple of weeks. Appears I am once again Iowa bound...can you believe it?

It's hard to believe it's been 6 years ago your car pulled up on the street corner and you stepped out. Little did I know we would never quite get that coffee date scheduled.

None the less, you pop into my mind from time to time (especially when Fairfield IA is mentioned...me touring as your assistant..what fun..ha ha) and I send you lots of love and white energy :-)

Take care of yourself, and touch base whenever you like.....

Patricia

ps...I worked up this flyer, and plan to do a little of this upon my return. May as well share my story with some women's centers in hopes they will give themselves permission to be who they truly are. A gift we should all discover.....
