**Subject:** Bard collage trip

Jeffrey,

I have AAG agreed to land at Bard collage, and full permission from Head of Security at Bard also. concern is 50% rain in the morning, should be clearing by noon, and "maybe" OK for your trip.

if the field at Bard collage is to wet, AAG will not be able to land,. I should have confirmation by 11am to landing conditions at Bard and will be able to make firm confirmation all is a go.

if field is wet, do you want to land at Kingston airport, 12min ride to Bard collage?

thank you,  
Larry
