Subject: Rothstein

The person who was falsely arrested and sexually assaulted by Broward Sheriff Officers working for her ex-husband and Rothstein has been outed a blog, not by actions of her own. The two officers involved have been suspended by the newly elected Sheriff and my sources tell me they will be arrested soon. One deputy, Poole, was Rothstein's muscle who supposedly helped blackmail people using prostitutes supplied by Rothstein. At any rate, go online to "Bob Norman Blog" and type either "Larry Flaster" or "Doug Bates" into the search bar. The woman's other ex-husband gave an interview and outlines what happened. (Doug Bates is her first ex-husband). I am hopeful that the inner workings of RRA will, under examination, reveal the RRA lawyers actively & knowingly worked a scam against you. Will keep you informed
