HOW IT WORKS:

You Have a Travel Medical Emergency

Private JetMD prepares for the unexpected so our clients don't have to. In the event of a medical emergency, including sudden illness, injury and even tragic accidents, anywhere in the world, Private JetMD provides peace of mind and stress free travel for you, your loved ones, and your employees in the unfortunate event of sudden illness, injuries and even tragic accidents while away from home.

You're more than 150 miles from Home

Dealing with a medical emergency when you are close to home is difficult enough. When you are away from home and out of your comfort zone, emergencies can be frightening and nerve racking. If you're more than 150 miles from home you can trust Private JetMD to get you the emergency medical treatment you need

You Need Emergency Medical Assistance

All it takes is a single phone call for immediate access to the nearest Western Trained English Speaking Physician, Dentist, or other Medical Practitioner at a Western Accredited Hospital or Clinic no matter where you are. Emergency Medical Assistance includes medical case management and monitoring, transportation, emergency medical evacuation, medically supervised repatriation and more.

We Fly You Back

Once a patient has been discharged from the hospital and is past the acute phase of treatment for their emergency medical needs, Private JetMD will arrange for the return of the patient to their home. Medical supervision is also provided in the event of transfer to another Hospital, Medical Facility, Skilled Nursing Facility, or Rehabilitation Center.
