JE doesn't give you two minutes of thought, he has no interest in you whatsoever, he has only said good things to the best of my knowledge - as have I. I can't help but notice that I am not included in the long list of categories of people you haven't lied to. Your fund results are out for everyone to see. You have let a lot of people down and now you are attempting to add me to the list. Yes it is not good but all of your own making. Tell the truth, and let's move on, stop accusing everyone except the person that bears the responsibility for the failures--you.

Who is saying such a thing? I have made investors in private a lot of money. And I have never ever lied to an investor or business partner. I guess JE is spreading such rumors. Either you are trying to be mean to me or JE is spreading rumors for whatever reason. Either it is not good

when?, often, why?- because they say you are an incompetent money manager, a loser, a lying boyfriend, and someone who is merely the son of a powerful man. I have never once given an inch, my response is that I love you and I will always love you, I tell them your investment decisions will never affect my feelings, and then they say he is incapable of telling the truth, to the investment community, to investors and of course to you. What is it you still don't understand, tell the truth to at least me, I appreciate your saying you do not want to marry, it is a beginning, stop being such a coward

It's OK, I forgive you for anything you've done. I love you and respect you, I'd like to keep it that way.
