Hi jeffrey,

Am sending out press releases today to boost sites. I looked at NYC local results today: they are slightly better.

--NY Post 4th place  
--Huffington 6th place

two days ago they were:

--NY Post 3rd place  
--huffington 5th place  
--daily beast 7th place

Hi Jeffrey,

I am at a different kinko's location uptown. I did a local search by specifying it google's "search tools" box. That is what Reputation directed to me today.

3 of my websites on the 1st page.  
3 of my websites on the 2nd page.  
1 of my websites on 3rd page.

This month, I'm putting a lot of new content on all 7 websites-- especially those on the 2nd page. And I'd like to boost them with more press releases. My education and usvi sites went from non-existent to the 1st and 2nd page-- I'd like to keep improving that.

I'm also getting you onto the Program for Evolutionary Dynamics site and more foundation directories.
