Brian had some Honey Drop teas and drinks dropped off at the house for you. The company approached his friend, Ryan, who used to be with Red Bull and said they are currently looking to sell 51% of the company. I tried the Lemon Ginger one this morning and thought you would like them.. they are all sweetened with honey and have minimal natural ingredients. I know you're always looking for new yummy drinks and these seemed pretty good.. let me know what you think!
