Subject: Valdsons concerns

Just to make you aware Valdsons does not think it is a good idea for Ion to come paint on his own.

He thinks it is a job for 2/3/4 people

He said the furniture is heavy to move and it is very complicated.

He thinks it may be difficult with just one person to go to the market to get the materials needed.

The furniture in Sarahs room is .. the bed, 2 nightstands, small desk, small table, armchair.

In the small office it is the desk and a sofa

He also mentioned that in the gym Valdson may have to get high up to paint. the damage is not high, it is just above the cabinet where the stereo is but Valdson feels they may have to do the entire wall so that the difference in color is not visible.

He thought maybe we should phone him with [REDACTED] present so he can explain his concerns....
