First night in my new apartment! It is looking so nice! [REDACTED] helped a lot with unpacking. When I told her about the opportunities she had missed she said that she felt uncomfortable. I told her that she could learn a lot from you both business wise and sex wise, she said she would prefer the former as opposed to the latter. She was uncomfortable again., i felt it. I am seeing her again tmw - what do you think I should say? (I had already spoken about Ted and another girl getting opportunities etc)
