Subject: Punch. Project list LSJ
[Project.punch list.xlsx](#)
[Project.punch list.pdf](#)

See attached combined Punch list /Project list for LSJ. The format is set up to capture projected cost as well as time line and current notes. (Note in excel as well as PDF format)

Summarized into 5 categories

1. Maintenance
2. Projects
3. Purchase/Sales/Delivery
4. General Directives
5. Personnel

As you can see there are still quite a few time line and cost projection information which are open and require input.

Jeanne
